

# Pick-Up Basketball

Attention Members,

With the busy season upon us and an increase in facility usage, in particular Saturday morning pick-up basketball, as of November 2, 2013 the court monitor and sign-up system for pick-up basketball will be in place. This system will ensure games start and are completed in a timely manner creating a consistent environment for all members to participate.

During the Adult pick-up basketball times only full court games will be played. No half court games or open shooting will be available during these times. Adults 18+ Only.

**Effective Saturday, November 2, 2013 there will be a Court Monitor for the Saturday pick-up games. Rules are as follows:**

1. A court monitor will be assigned by the Healthplex Sports Club to oversee and manage the basketball play during the designated full court pick-up hours.
2. Players must sign in with the court monitor when they are prepared to play. The player may only sign in for themselves. They may not sign in for any other player whether that player is in the club or not.
3. Players will be signed in on the sign-up sheet in the order in which they arrive. A player may not ask to be signed in to start a second team if there is an available spot on the first team.
4. If a player is not at the court at the start of their game they will be moved to the bottom of the sign-up list and the next available player on the sign-up list will take their spot in the current game.
5. If a player asks to be removed from their spot on the list they will be moved to the bottom of the list.
6. Players may not switch spots on the sign-up list unless agreed upon by players to make the game more fair.
7. If a player has to leave the game for any reason, the next available player on the list takes their place without forfeiting their spot in the next game. If that player's team wins the current game and is staying on the court he remains on the winning team and the next available player on the list takes his spot on the new team.
8. Starting at 8 a.m. the games will be played to 8 points until the player level reaches 20 or less. At that point games can be played to 11 points.

Thank you,

Dennis Mathias
